**“The Child Life Activity Center...where love never fails & hope continues on.”**

The Child Life Activity Center has developed an entertainment and support program for children and teens admitted to the hospital for medical treatments. This program includes a big, bright, beautiful playroom that is staffed by volunteers who supervise playroom activities and a child life specialist who help children cope with their illness. Siblings of a sick child are welcome to take part in playroom events or bedside activities coordinated by the Activity Center.
